Welcome at Camping La Quercia ... Welcome home!

Thanks for having chosen our campsite for your holiday.

In 1958 our family began this adventure in the field of tourism. Since 3 generations we have been taking care personally of all aspects of the campingsite activity: the numerous services, the comfortable accommodations, the greenery as well as the staff training in order to give you an unforgettable stay year after year.

We are very appreciated thanks to the unique location directly by the lake, to great variety of plants and flowers, to the long natural sandy beach, to the kindness and professionalism of our staff and to the energy and smile of our animators, but most of all our success comes from all of you!

Because our story is based on many stories... your stories!

Have a nice holiday!

LAZISE & LAKE GARDA

Lazise is a nice town in the Province of Verona which is located on the south-east coast of Lake Garda and just 1 Km from Camping La Quercia. It attracts myriad tourists from all over Europe thanks to its beautiful view of the Alps from the southern shore of Lake Garda. Its name derives from the Latin "*lacus*" which means lacustrine village. Lazise was also the first comune (municipality) of Italy, becoming a rich commercial area of the region.

The main monuments are **the Scaliger Castle**, the church of **San Nicolò** and **the Dogana Veneta**, usually used for meetings, congresses and wedding events. The city is a popular holiday destination. The core of the city is a series of interconnected squares with many open-air cafés, various shops, ice-cream shops and bars.

In the evening, in Lazise, many bars and pubs organize events with live music or happy hours. In August, Lazise hosts its traditional "**Festa dell'ospite**", a guest festival with musical entertainment, wine and food stalls and lots of fun. The food stalls offer specialties such as risotto with tastasal, fish fry mix, salamella with polenta and local wines tastings. A traditional game which takes place during the event is "the Cuccagna del Cadenon",

a pole in a horizontal position lying on the waters of the port on which the competitors have to slide to take the flag placed at his end, without falling into the water.

In the neighborhood, you find amusement parks like **Gardaland**, **Movieland** and **Canevaworld** (tickets available in the campsite). The Zoo Safari "Parco Natura Viva" is just 3 km and Parco termale **Villa dei Cedri** (wellness park with natural thermal water) 2 km from the campsite.

Lake Garda and its surroundings enchant any kind of visitors thanks to its unique landscape and sightseeing's:

- **Sirmione** with Grotte di Catullo and its old Castle;
- **Peschiera del Garda** (heritage of Unesco) with its medieval walls close to the centre and its harbor;
- **Bardolino** is famous for the Fest of wine Chiaretto in June and the Winefest in September;
- **Torri del Benaco** with the castle close to the lakeshore;
- **Malcesine** where you can take the cableway up to the mountain "Monte Baldo";
- **Verona** (heritage of Unesco) with the Arena, the house of Juliet, the Roman Theatre and other historical monuments.

OIL AND WINE OF VILLA BOTTONA

A FAMILY HISTORY

Villa Bottona's products are the result of a large family, the same of Camping la Quercia, that for three generations has been taking care of this place full of history and tradition, which is located on Lake Garda's eastern bank. A unique land for its environmental features, rich of vineyards and ancient olive trees, where wines and olive oil are made "come una volta" in respect of nature's rhythm and distinctive characteristics of the location.

OUR WINE AND OIL

The grape before becoming wine is the fruit that tells the history of this place through its flavors and aromas. Villa Bottona has an ancient story which deserves to be told its land. After half a century the family returns to its roots and vines to rediscover this strip of land on Lake Garda.

Our wine:

La Quercia Rosso variety Cabernet Sauvignon

La Quercia Rosè variety Corvina Veronese and Molinara

La Quercia Bianco variety Garganega

Le Bolle della Quercia variety Fernanda

The olives used to produce this oil are raised in a morainic soil located in the South Bay of Lake Garda.

Available tasting and point of sale at the entrance of Camping La Quercia.
