Camping holiday for the whole family

Family WiFi reception

Our campsite

Ever since the 1st of October 2007 we, the family Ortschwager, have run our family-friendly campsite all year round in the south of the Lüneburg Heath. Only 16 km away from the A7 Hanover-Hamburg motorway, our site lies in Winsen, right next to the river Aller. We have sunny camping spots within view of the river and also with some shadowy parts under the cover of trees. The main path is asphaltic, while all other paths are compact and left natural.

Experience a holiday filled with activities in the unique surroundings of the Southern Heath. Natural meadows, dense forests and sunny heathlands await for hiking, riding and cycling.

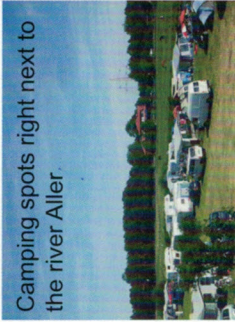

The Aller, one of the cleanest rivers in Germany, and many other smaller quaint streams have excited many paddlers and canoers for decades. There are many marked bridle paths in the area and nearly limitless opportunities to spend your free time.

The city centre of the attractive tourist area Winsen (Aller) is only 700 metres away. Cafés, ice cream parlours and shops invite you to have a great time.

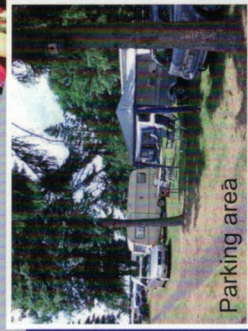

Welcome!
Yours truly,
Family Ortschwager
